

USER GUIDE
FOR
Women Involvement in
Science and
Engineering Research
(WISER)

The below mentioned instructions are to be followed while submitting WISER proposal using the IGSTC Applicant portal.

Women Involvement in Science and Engineering Research (WISER) aims to build scientific capacity, retain, encourage, and promote women researchers.

- Women researchers holding regular positions in academia/research institutions/industry are eligible for the programme.
- The tenure of the grant will be up to 3 years.
- WISER programme has no age limit.
- The applicant must be working either in India or Germany. The paired applicants must define their roles in the proposed project, along with details on the objectives, execution strategy, and expected outcomes.
- The applicant shall specify the value-addition to the project at the host country.
- Applicants are solely responsible for identifying and forming their respective pairs. The applicant should ensure an endorsement/consent letter from the collaborating researchers at the time of the application.
- No Objection Certificate (NOC)/Endorsement letter from the head of the institution (present organization) must be submitted by the applicant.
- The awardee shall commence her first visit within 12 months from the date of the award letter.
- The awardee will abide by the conduct, rules and regulations of the host and the host country. IGSTC will not be responsible for violation of any Rules & Regulations by the awardee.
- The awardees must intimate IGSTC through email/letter in case of discontinuation from the programme.
- The awardees must recognize and acknowledge IGSTC in all online/print documents, communication, reports, publications, conferences, theses, etc. on work emanating from the grant.

Instructions for Application Submission

- Please check your eligibility before applying for the WISER Grant.
- The one who starts the application first (from the Pair) will be known as the Primary applicant.
- Registration on the IGSTC portal must be completed by both applicants of the pair. Once the registration is completed, the primary applicant will be able to add her paired applicant from India/Germany to the application.
- Please enter the email address of the paired applicant, which they have used to register in the portal. The paired partner will receive a system generated link to access and start filling their part of the application.
- In case the paired applicant does not receive the email, please check the 'SPAM' or 'JUNK' folder. If the email is still not found, please raise a ticket at 'Get Help' or 'Contact Us' in the portal.
- Both the paired members (from India and Germany) must individually complete their part within the same application. Once completed, the final submission of the application will be done by the Primary applicant only.
- Both applicants shall jointly access and complete the 'Paired Project Details' section; this is the only common section of the application shared by both applicants and must be filled collaboratively.
- The Primary applicant shall be able to do the final submission only when all the sections of the application are completed by both paired members.
- Applicants must strictly follow the directions and framework for filing the application. Failure to do so may result in cancellation of the application.
- If there is a problem in saving pages or lag in the application, kindly press "CTRL+Shift+R" in one go and try again. If the problem persists, please raise a ticket at 'Get Help' or 'Contact Us' in the portal.
